## Make Electricity Your Servant

¶ Using electricity for lighting only is like hiring a servant by the week and giving her every afternoon “out.” Electricity is at your service 24 hours out of 24 and is an untiring “servant in the house,” ready when you turn the switch with a hundred uses in addition to lighting.

¶ Electric cooking is made practicable by “colorite,” an alloy that transforms electricity into heat as effectively as the tungsten filament transforms electricity into light.

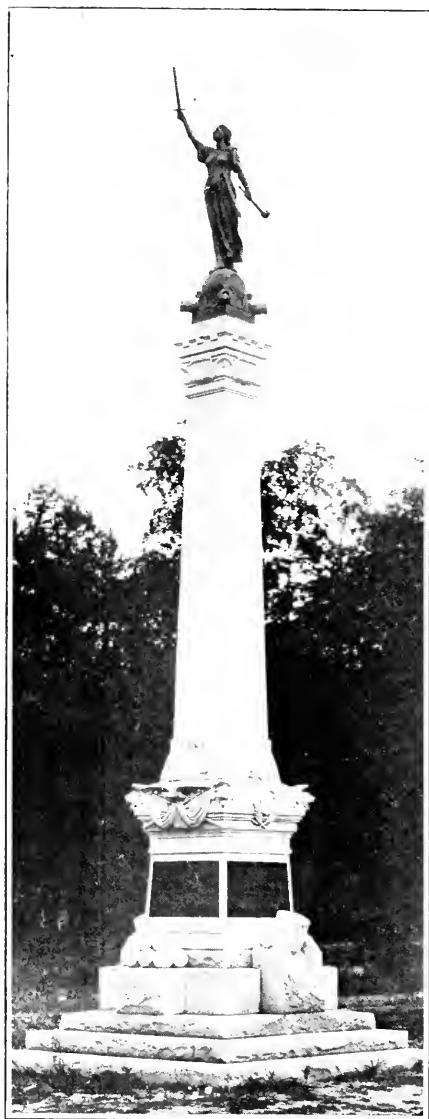

¶ “Colorite” is practically indestructible and for this reason cooking devices are as durable as they are convenient.

¶ The devices can be carried from room to room and used wherever there is a convenient electric light socket. They are clean, convenient, rapid, flameless and as safe as electric light.

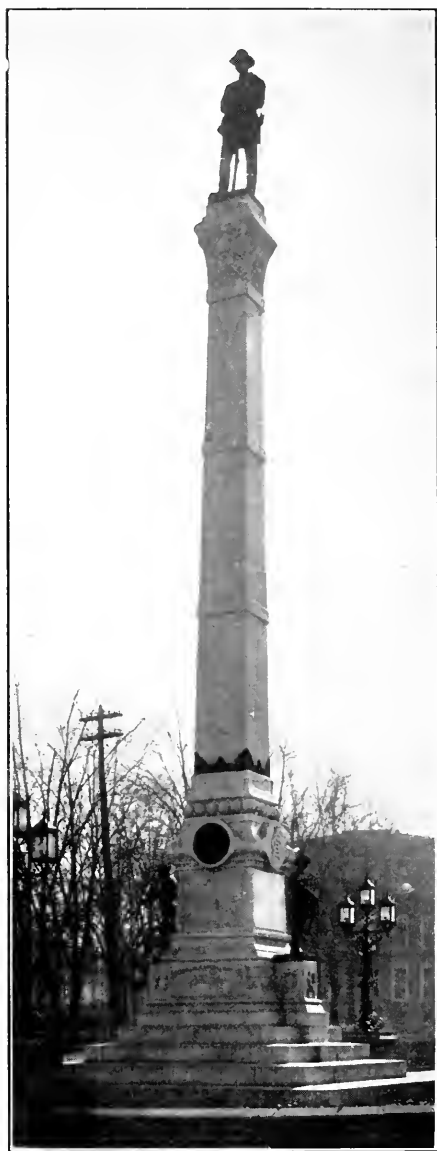

¶ Electricity is as superior for cooking to older methods as electric light is to other illuminants.

# **Historical Memoranda of R. A. Smith Camp No. 484 United Confederate Veterans, and Other Con- federate Associations of Macon Bibb County, Georgia** ---

A meeting of Confederate Veterans was held at the Court House, May 4th, 1889, at 12 o'clock a. m. Major J. B. Cobb was elected Chairman of the meeting, and Joseph T. Derry, Secretary.

The object of the meeting was to organize a Confederate Survivors' Association for Bibb County.

A committee of three was appointed to draw up a Constitution and By-Laws. The committee consisted of the following. J. T. Derry, R. E. Park, and R. A. Nisbet.

The Confederate Survivors Association met again on the 3d day of June, 1889, and the organization was perfected by the election of the following officers: C. M. Wiley, Commander; J. B. Cobb, Vice-Commander; J. T. Derry, Secretary, and Hugh McKervery, Treasurer.

The Association retained the name of Confederate Survivors Association of Bibb County, until April 15th, 1901, when by unanimous vote, the name was changed to that of Col. R. A. Smith Camp, and by authority of the United Confederate Veterans Association, received its camp number, 484.

The preserved minutes of the Confederate Survivors Association of Bibb County, furnishes abundant evidence that benevolence and charity was the actuating purpose of the organization. That all honor is due\*to the self-sacrificing devotion of the patriot, so prominently exemplified by the courage of the Confederate soldiers, and that such devotion and courage should be kept in remembrance as long as an admiration for these attributes finds a responsive echo in the hearts of men.

The R. A. Smith Camp, the successor of the original Association, will cherish and proclaim the patriotic principles fought for, suffered for, and died for by the Confederate soldier until their hearts and minds and tongues are spent in the silence of death.

# Defenders of Dixie!

¶ The South needs your advice and guidance now, as it needed your arms in the sixties.

¶ The Daughters of the South need protection now, as they did in the days of Reconstruction.

¶ See that they are provided for. Instil into your sons, loyalty to Southern institutions. Have them investigate the policies of the GEORGIA LIFE.

IN THE SOUTH!

FOR THE SOUTH!

BY THE SOUTH!

### DICK DOWLING MONUMENT

ERECTED TO THE MEMORY OF THE HEROIC DEED OF DICK DOWLING  
AND FORTY-TWO OTHER IRISHMEN WHO DEFEATED  
15,000 AT SABINE PASS, TEXAS

This brave little band of Irishmen, with two cannon, in a battle lasting about thirty minutes disabled the Federal gunboats Clifton and Sachem and crippled another gunboat. Over one hundred Federals were killed and four hundred and twenty-nine prisoners, together with the two disabled gunboats, were captured, while the Confederates did not lose a man. Thus ended the attempt made by 15,000 Federals to land on Texas soil.
